

CPIM

CERTIFIED IN PLANNING AND INVENTORY MANAGEMENT

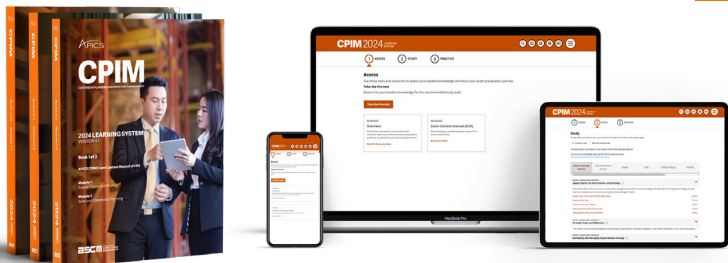

Prepare for your APICS CPIM Exam with Expert Guidance

The APICS Certified in Planning and Inventory Management (CPIM) provides a comprehensive body of knowledge, best practices and standards to allow candidates to better respond to supply disruptions, respond to demand variations and manage supply chain risk.

Earning the APICS CPIM demonstrates mastery of an organization's internal operations and an in-depth understanding of materials management, master scheduling, forecasting, production planning and how it applies across the extended supply chain.

After earning your CPIM you will be able to:

- Increase inventory accuracy and reduce inventory
- Improve forecasting
- Improve the S&OP process
- Manage and apply capacity resource planning
- Work more productively with your company's ERP system
